CO-CURRICULAR ACTIVITIES

- Organized and effectively led a team of 5 individuals in both the development and execution phases of an IoT project, ensuring its successful implementation at the Gandhigiri Event.
- Orchestrated and led a team of 10 individuals in a high-pressure event focused on rapidly developing a task within a tight timeframe; achieved project completion 20% ahead of schedule.
- Organized team members, assigned roles, and coordinated efforts to maximize efficiency and accomplish project goals.

PROJECTS

Myntra Clone | *Html, Css, Javascript*

- Developed a responsive e-commerce website inspired by Myntra using **HTML, CSS, and JavaScript**.
- Designed an intuitive **UI/UX** with a mobile-first approach using **CSS Flexbox & Grid**. Added a functional **cart system** with local storage to maintain user selections.
- Implemented **dynamic product listings** using JavaScript for seamless user interaction. Integrated a **carousel slider** for featured products and promotions.

Portfolio | *Html, Css, Javascript*

- To present a comprehensive portfolio showcasing my web development skills, creativity, and academic projects in HTML, CSS, and JavaScript, aimed at gaining valuable opportunities in software development.
- To demonstrate my front-end development expertise through real-world projects built with HTML, CSS, and JavaScript, aiming to secure a challenging role as a web developer.
- To showcase my learning journey, coding projects, and technical growth as part of my academic achievements in web development and computer science.
